

I am greatly disturbed to discover that the FCC is even considering reducing or eliminating the availability of FM translator services that provide hundreds of thousands of people the ability to listen to FM stations like K-LOVE.

K-LOVE serves communities nationwide and worldwide, bringing people all over the world hope, encouragement, and daily, uplifting cheer--attributes most radio stations don't even care to touch on. As a resident of Salem, Oregon, I am served in immeasurable ways by K-LOVE, and my family and I even offer monthly financial support BECAUSE WE CARE ABOUT KEEPING K-LOVE ON THE AIR!

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, our community--and thousands of others like ours across the country--would suffer a terrible loss. I doubt I'd listen to any radio at all, because anything else is DISAPPOINTING compared to K-LOVE's service.

K-LOVE offers hope and daily encouragement to so many people in this country. IT IS IN YOUR BEST INTEREST--AND THE PUBLIC'S--TO KEEP K-LOVE ON THE AIR PERMANENTLY!!! You will lose many listeners to radio if you lose K-LOVE. My family and I are not alone in this.

Consider our plea to keep K-LOVE on the air. DO NOT EXPAND LPFM STATIONS TO TAKE PRIORITY OVER CURRENT FM TRANSLATOR SERVICE!!

Thank you.
